The background is an aerial photograph of a forested landscape. A blue-shaded region, outlined in yellow, represents a specific area of interest. Within this blue region, there are three distinct areas outlined in red: a small oval at the top, a small irregular shape in the middle-left, and a larger irregular shape at the bottom. A red 'X' is also visible within the blue region. An orange line runs horizontally across the top of the image, and a road is visible in the upper left corner.
